

CONVENIENCE GROUP

Convenience Group is partnered with one of the most trustworthy and well-known brands in the world, 3M. Many of the issues that glass can cause in today's environment can be solved with Convenience Group's expertise. With over 50 years of experience, our expertise demonstrates that using window film as a glass surface management method boosts tenant retention while also enhancing building aesthetics, and tenant comfort. The 3M security and safety film series are not only an excellent investment, but they also come with one of the best warranties in the business.

EXPERT CONSULTATION

Our consultants are here to help with some of the most experienced experts in window film; large format printing, architectural finishes, Riot Glass®, and bird deterrence. We can assist in all your building needs

INSTALLATION TEAM

We boast the largest team of installation technicians in Canada. All of our Technicians have completed all necessary training and are certified to install your Riot Glass®, bird deterrent, print & film needs

GTA & NATIONAL COVERAGE

We offer centralized billing and multi-location project management for our commercial customers across the GTA & Canada through our national dealer network at Window Film Canada

CAPACITY FOR LARGE JOBS

Convenience Group is one of just two 3M Large Project Certified dealers. This exclusive certification is granted to dealers with vast experience in managing large, challenging projects, professional project management, and the highest skilled installation teams

IN-HOUSE PRODUCTION

We have an in-house production facility that can customize any project at any scale

WHAT WE PROVIDE

WARRANTY

Customers are provided with manufacturer backed warranty certificate

Convenience Group's core strength lies in dedicated customer service. We tailor services to your unique vision, offering collaborative support for project development and execution. With an expanding array of textures and finishes, we aim to elevate buildings to new heights and share these options with you. We value relationships and take pride in earning the trust and partnering with valued associates nationwide.

Riot Glass® Security Solutions

- Riot Glass® is a manufacturer of retrofit security glazing systems designed to add a significant level of forced entry, blast mitigation and ballistic protection to any building
- Easy installation and re-glaze in clear, bronze, anodized or painted finishes
- Riot Glass® panels come in varying thicknesses for forced entry, blast and ballistic threat levels
- Front and back glazed systems are pressure and temperature balanced to mitigate condensation

3M Security Solutions

- Security features include enormous break strength and tear resistant properties
- Holds shattered glass together during impact and protects against accidental glass breakage
- 3M's Impact Protection Attachment System provides additional strength offering maximum impact resistance to protect against forced entry
- 3M offers a wide-range of industry leading combination Sun Control and Security Window Films

Privacy / Custom Glass Finish

- At a fraction of the cost of new glass, privacy films can be customized to fit your brand or chosen from a selection of preprinted films
- With over 50 patterns, 3M's Fasara line of privacy films are renowned for their elegant finishes
- Use cover-up to creatively advertise a product or service, display corporate branding or promote corporate services
- 3M Fasara glass finishes are water resistant, scratch resistant and easy to maintain and remove

Sun Control Solutions

- 3M's sun control films significantly reduce heating and cooling costs
- Reduce annoying glare & protects merchandise and displays from fading
- 3M's sun control window films block over 99% of UV light coming through windows
- 3M's Prestige line of films are virtually clear to provide maximum visibility through windows

Di-Noc™ Architectural Finishes

- 3M's Limitless design palette with over 750 preprinted Di-Noc finishes
- Adheres to a wide variety of high-touch surfaces: fixtures, walls, doors, counters, bathrooms, elevators, cabinets, suspended ceilings and floors
- Minimal downtime, simplicity, and speed of implementation compared to traditional refurbishment techniques
- Transformation of any space in days instead of weeks or months with beautiful and practical finishes for walls, doors and other architectural surfaces

Custom Print

- We offer an extensive selection of superior quality 3M films and vinyls that can be customized at our large format in-house printing facilities
- Large format signage grabs and maintains people's attention; utilize unused display space for advertising
- Thermoformed vinyl film can be applied to textured substrate such as brick, and to smooth surfaces such as floors and concrete indoors or outdoors
- Decorative and graphic films offer the perfect accent to retail spaces, lobbies, offices, etc.
